

# Visit telephone transmitter

BE1431

## Stay in touch with your loved ones.

The telephone transmitter from Bellman & Symfon is part of the Visit smart home system that helps you to keep tabs on your home. It can be used to detect both your landline and mobile phone – or even an incoming message on your tablet (accessory required).

### How it works

When the telephone transmitter is activated, it signals your Visit receiver that notifies you with sound, flashes or vibrations (depending on the receiver).

It is equipped with three triggers that, aside from telephone detection, can be used for:

- A contact mat accessory
- A magnetic switch accessory
- An existing doorbell, etc.

The telephone transmitter allows you to choose an individual alert for each trigger and it uses a robust radio link that covers your entire home. It is very easy to set up, virtually maintenance free and operates for years on standard batteries.

 Bellman & Symfon®

### Features

**Works for most phone types**  
Both landline and mobile phones\*

**Multiple connections**  
Three separate trigger inputs

**Customizable notification**  
Choose one for each trigger

**Long lasting power**  
Up to 10 years of battery life

- Radio frequency: 315 MHz, 433.92 MHz or 868.3 MHz, depending on the region
- Coverage: 50 – 250 m, depending on the radio frequency and building's characteristics

## Environmental requirements

- For indoor use only.
- Temperature: 15°-35° C , 59° to 95° F
- Relative humidity: 5% -95% (non condensing)

## Power and battery

- Power supply  
Battery power 2 x 1.5 V AA lithium or alkaline
- Power consumption  
Active < 70 mA, idle position < 15 µA
- Operation time  
Alkaline ~ 5 years, lithium ~ 10 years

## Number of radio keys

- 64 as standard. Up to 256 with optional software.

## Maintenance and cleaning

- Maintenance free. Clean with a dry cloth.
- Do not use household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasives.
- Not reusable.

## Regulatory requirements

- Complies with the following requirements:  
CE, FCC, RoHS, RCM, WEEE, Der Grüne punkt

## In the box

- BE1431 Visit telephone transmitter
- 2 x 1.5 V AA alkaline batteries
- Velcro for wall mounting
- Alcohol wipe
- Screw and plug
- User manual

## Accessories

The following accessories are available:

- BE9251 Mobile phone sensor
- BE9023 Magnetic switch
- BE9024 Contact mat
- BE9253 Ext trig cable (3.5 mm connector)
